Designed and made by God.

You're invited to participate in a Creation Worldview seminar with Dr. Grady McMurtry, who will address tough Bible/Science questions including:

- Creation or evolution: which one do the facts fit best?
- How old is the earth?
- Where did the different races of mankind come from?
- Are dinosaurs Biblical?
- Is Noah's flood a reality?
- Is there any proof for human evolution? Did we go from ape to man? What about cavemen?

Whether or not you believe in God and creation, you owe it to yourself to explore the possibilities.

TONIGHT'S FEATURE PRESENTATION:

Faithful Folk (www.FaithfulFolk.com) is a delightful folk music group from Woodstock, NY. The group will sing and perform tonight with guitar, bass, keyboards, percussion, banjo, trumpet, flute and penny whistle. This is the first time they've performed at Jacob's Well, so please give them a warm welcome!

Due to the size and instrumentation of the group, the acoustics, and the anticipated size of the audience, we'll be moving into the Union Church sanctuary for the main performance and message. Afterwards, you are welcome to return to Bev's Corner Drop-In Center (the main coffeehouse storefront) for additional socializing. By the way, Bev's Corner is now open **SIX DAYS A WEEK!**
